FOR IMMEDIATE RELEASE

Converting At-Risk Dollars into Revenue for the Past 20 Years.

Resource Corporation of America celebrates its 20th Anniversary in 2014.

Houston, TX January 08, 2014

Third-Party Self-Pay Eligibility provider, Resource Corporation of America, is honoring its 20th anniversary this year. For two decades, RCA has been a trusted resource for converting hospitals at-risk dollars into revenue and the company is excited to celebrate their milestone with partnering clients and employees.

“RCA’s 20 years of success as the go-to resource for hospital eligibility solutions, stems from the relationships built with our client partners as well as from our talented and dedicated team members,” states Frank Dominguez, Chief Operating Officer for RCA. “It has been exhilarating to witness RCA evolve and grow over the years and I am eager to see our continued development.

Resource Corporation of America has a year of festivities planned. Healthcare professionals are invited to celebrate at several tradeshow and conferences throughout 2014 and communities are urged to participate in a handful of charity 5k run/walks where RCA will be contributing to the CaringBridge foundation, a nonprofit networking site committed to bringing friends and family together during any health journey.

To commemorate the company’s 20th anniversary, RCA has released a celebratory logo which will be used in conjunction with the standard company logo throughout the year.
